PORT OF SPAIN, Trinidad:- Trinidad and Tobago's National Security Minister, Martin Joseph, has addressed the Seventh Regular Session of the Inter-American Committee against Terrorism of the Organization of American States, which took place in Panama City.

At the session he presented a report on the Pilot Phase of the programme for security of tourism and recreational facilities.

The theme of the meeting was: "Critical Infrastructure, Policies, Regulations and Hemispheric Co-operation."

The programme was an initiative of the Government of Trinidad and Tobago , during its period as chair of the committee against terrorism. The pilot phase was conducted within ten CARICOM member states, the nine Cricket World Cup host countries, as well as the island of Dominica.

It focused on the delivery of specialised security training, and the building of capacity to access and improve the security infrastructure at tourism and recreational facilities in each of the member states.

Minister Joseph, who was the head of Trinidad and Tobago 's delegation to the Seventh Regular Session of the Committee, served as its President during the period 2005-2006.

According to Joseph, the organisation's mandate is to enhance member states security against terrorist acts.
